

How we Organise Ourselves - Knowledge Organiser

Central Idea: Organisations exist to improve communities.

Core texts:

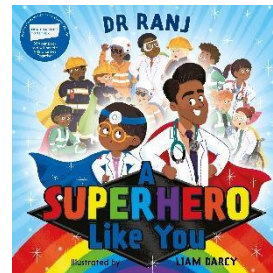

Goldilocks
A Superhero Like You
Doctorsaurus
The Jolly Christmas Postman
Christmasaurus

Phonics

We will continue the formal teaching of phonics using the Phonics International Programme. We will introduce the new sounds: **h r m d g o u l l f ff ss b j y**

We will use these sounds to read and write words and some simple sentences.

Understanding the World

A large part of this module will centre around 'Understanding the World'. We will be learning about our community and organisations that exist within it. We will have visits from external organisations, such as the police force, to help with our understanding.

Maths

In our Maths sessions, we will focus on the numbers 1 - 5. The children will subitise, find one more and one less as well as develop their knowledge of the composition of number.

Expressive Arts and Design

This module we will experiment with a range of artistic techniques and mediums. We will work on colour mixing with paint as well as pencil control when drawing. There will be opportunities to use fabrics to create uniforms for people who help us as well as construction materials to build emergency vehicles and buildings.
